MORTGAGE

The biggest difference between me and many other loan officers is my strategic approach and background in future investment planning.

I look beyond just the interest rate and loan term. I'll prepare a Total Cost Analysis comparing factors such as monthly payment, mortgage insurance, loan costs, amortization and potential long-term savings.
Together, we'll determine which loan strategy best supports your homeownership goals, financial future and long-term wealth.

EQUAL HOUSING LENDER

Top 3 Reasons...

Best Rates & Full Transparency

As a Direct Lender, we have the ability to shop over 30+ banks to ensure we find the best interest rate and loan programs available. Then we show you the rate board so you can pick your own rate!

Upfront Underwriting

We moved the underwriter to the front of the manufacturing line to give our clients complete piece of mind while shopping for a home. Plus, this makes your offer more appealing because most buyers are only PreQualified.
